WORK EXPERIENCE

Onetree *Dec 2021 – Present*

Software Developer

- Set up ECM systems and software solutions during client onboarding or technology upgrades.
- Managed custom client solutions end-to-end within defined timeframes.
- Contributed to development of new software tailored to client needs.
- Verified implementation effectiveness and wrote technical/educational documentation. Built and maintained automation test suites within CI/CD pipelines configured on DevOps.
- Provided consultation, training, and support to teams and clients on tools and processes.
- Audited compliance with procedures, project requirements, standards, and SLAs.

Referent: *Agustina Manisse — Implementation Technical Lead — [LinkedIn](#)*

Bunker DB *Jul 2019 – Dec 2021*

Customer Support

- Supported and operated platforms for corporate clients under SLA guidelines (Zendesk).
- Tracked and managed tickets and incidents using Atlassian Jira with quality methodologies.
- Analyzed and documented production incidents, escalating to dev teams as needed.
- Conducted UAT testing and front-end bug reporting via Atlassian Jira.
- Created functional documentation (usability, updates) using Confluence and Google Docs.
- Delivered weekly and monthly status reports tailored to client and company needs.

Referent: *Elena Spagnuolo — Chief Business Officer — [LinkedIn](#)*

Ingenious Americas *May 2019 – Jul 2019*

Medical Billing Specialist

- Provided billing services for University of Utah hospitals and clinics.
- Managed patient account financing and resolved insurance payment denials.
- Tracked and resolved administrative billing issues on behalf of patients.

Referent: *Ofelia Freire — Account Manager — [LinkedIn](#)*

Alorica Uruguay *Sep 2016 – Feb 2019*

Multiple Roles — Amazon.com Projects

Quality Assurance Analyst (Sep 2018 – Feb 2019)

- Evaluated performance of two 20-agent teams across chat and phone contacts.
- Ensured compliance with quality, SLA, and service standards; provided feedback to management.
- Ran coaching sessions, workshops, and huddles to improve KPIs and agent performance.

Knowledge Base Developer (Mar 2018 – Sep 2018)

- Created and maintained product articles in Salesforce knowledge base.
- Collaborated with manufacturers' technical teams to keep documentation current.
- Translated articles from English to Spanish; partnered with operations and training teams.

Product Support Associate (Jun 2017 – Mar 2018)

- Provided technical support on TVs, audio, tablets, smartphones, and wearables.
- Diagnosed defects, processed warranties, and managed returns and replacements.

Customer Service Associate (Sep 2016 – May 2017)

Delivered retail support including pre/post-order guidance, claims, and payment resolution.

Referent: *Pablo Puentes* — *Operations Manager* — [LinkedIn](#)
